## Emerson Global Users Exchange

October 1–5, 2018 in San Antonio, TX

**SPURRING  
INNOVATION**

### Midstream Oil & Gas Essentials

#### ESSENTIAL SESSIONS

Take part in our focused Midstream Oil & Gas featured content at the 2018 Emerson Global Users Exchange. This industry-specific content has been designed for terminals and pipelines attendees to help you:

- **Industry Forums:** Discover how digitalization can give you a competitive edge in our Midstream Industry Forum.
- **Workshops:** Learn best practices, implementation successes, tips and tricks, and proven project solutions with more than 30 relevant workshops and presentations.
- **Short Courses:** Enhance your capabilities with CEU-certified short courses.
- **Networking:** Share and learn from your peers in our Oil & Gas professional networking event.

#### TECHNOLOGY EXHIBITS

Capitalize on the opportunity to visit with our experts who will guide you through our comprehensive portfolio of pipeline and terminal technologies, solutions and services on display in the exhibit hall. Learn how we can help you improve:

- Commercial and operations management
- Pipeline and terminal automation
- Tank protection and inventory management
- Custody and fiscal transfer measurement
- Pipeline leak detection
- Reliability and integrity
- Process safety

#### INDUSTRY FORUM

##### Oil & Gas Midstream Industry Forum: Digital Transformation in Practice

Monday, October 1 • 2:30 pm–4:00 pm

Aligning with the theme of Emerson's 2018 User Exchange, "Spurring Innovation", the Oil & Gas Midstream Industry Forum will focus on Digital Transformation in Practice where panelists from midstream operating companies provide a short synopsis of how digital transformation at their respective companies has created a unique opportunity to solve a challenge or create a competitive edge. The presentations will be followed by a panel discussion and audience questions.

Topics for discussion include:

- The challenges to realizing the benefits of digital transformation
- The five pillars of digital transformation
- Cultural barriers to overcome
- How to ultimately transform the core of your operations and predictably change the business model
- Much more!

#### NETWORKING

##### Network with industry peers at the exclusive Oil & Gas Mixer

Monday, October 1 • 7:00 pm  
Tower of the Americas

Join other oil & gas professionals in this exclusive event. Leverage this unique opportunity to engage with our subject matter experts and many of our top executives to discuss your most pressing issues.

Contact [Josh.Johnson@Emerson.com](mailto:Josh.Johnson@Emerson.com) for details.

##### Music Jam!

Tuesday, October 2 • 7:15 pm–12:00 am  
Aztec Theatre

Come celebrate the musical talents of the Exchange community during our annual Emerson Exchange Music Jam. Be sure to stop by and enjoy this exclusive rock n' roll event.

##### Emerson Networking Event

Thursday, October 4 • 6:00 pm–9:00 pm  
Tobin Center for the Performing Arts

Network with your fellow attendees while you enjoy the sights and sounds of a casino along with world class entertainment.

#### MEET THE EXPERTS

Thursday, October 4 • 2:30 pm–4:00 pm  
Friday, October 5 • 8:30 am–10:00 am

Meet, learn from and consult with the "Experts Behind the Technologies". Visit [EmersonExchange.org](http://EmersonExchange.org) for complete details.

# CONFERENCE SESSIONS FOR MIDSTREAM OIL & GAS

Get new perspectives on how to manage your operations by participating in a variety of conference sessions. Our Product Roadmaps will provide insight on the future direction of Emerson's portfolio of products, solutions and services while our Workshop and Educational Services courses will help you gain new perspective on how to leverage technologies to drive process improvements, reduce costs and improve productivity.

## PRODUCT ROADMAPS

### 7-160440

DeltaV PK Controller Product Update

### 7-160494

Advancing Emerson Subsea and Downhole Measurement Solutions

### 7-160866

Emerson Expands its Rosemount Pressure Gauge Offering with the Smart Pressure Gauge

### 7-161482

Fisher Instrument Roadmap Update

### 7-161524

Emerson Micro Motion Product Updates

### 7-161725

Extending Coriolis Recalibration Intervals in 90 Seconds with Smart Meter Verification

### 7-162012

Introducing Fisher Digital Isolation Solutions

## TECHNOLOGY ROUNDTABLES

Join our Technology Roundtables to stay up to date technology trends, current use cases, and practical issues with industry experts and peers.

### TR-219837

Best Practices for Improving the Accuracy and Reliability of Gas Flow Measurement

### TR-219832

Cyber Security—Safeguarding Control Systems from Adversarial to Non-Adversarial Threats

### TR-219831

Digital Transformation

### TR-219833

Getting the Most Out of a Virtualization Infrastructure

### TR-219836

Technologies for Reliability, Energy, Production, and Safety

## ESSENTIAL MIDSTREAM WORKSHOPS

### Terminals

#### 1-160465

How a New, Smart, Proving Solution Reduced a North American Terminal Operators Proving Time by 50%

#### 2-160527

India's Largest Lube Producer Uses Wireless Tank Farm Management to Improve Efficiency and Safety

#### 2-161981

Custody Transfer Done right! Truck-Mounted Coriolis Measurement Systems—Safe, Accurate, and Efficient

#### 2-162079

How to Complete a Successful Instrument Upgrade Project in a Houston Area Marine Terminal

#### 2-158258

Built Like a Tank—Making API 2350 Compliance Easy

#### 3-161867

Automating a Vintage Natural Gas Storage Facility with Emerson Plantweb Technology

### Pipelines

#### 2-162112

Wireless Technology Delivers Savings to Largest Natural Gas Distributor in the U.S.

#### 3-160832

Improvements in System Gain Losses Across Pipelines and Tank Farms

#### 3-161118

Digital Ecosystem Enables Safe, Efficient and Reliable Pipeline Operations

#### 3-161119

Implementation of Pipeline Scheduling Solutions for OICL Crude Pipelines

#### 4-160693

Inlet Pressure Protection Analysis with API 521:HIPPS vs. PSVs

## EDUCATIONAL SERVICES COURSES

Over 20 Educational Services Courses are being offered for attendees at no charge. It's a great way to sharpen your knowledge or learn something new while earning CEU credits. Visit [www.EmersonExchange.org/Americas](http://www.EmersonExchange.org/Americas) to learn more.

This is only a portion of the overall offerings, covering a wide spectrum of industry and technology-specific topics. Get a full list of Emerson Exchange courses, product roadmaps, workshops and more at [www.EmersonExchange.org/Americas](http://www.EmersonExchange.org/Americas)
